WHAT IS THE CITIZENS COUNCIL DOING

IT IS . . .

- **Giving** hope, in these troubled times, to decent and responsible individuals who are concerned about what is happening to our beloved country and to the values which have made it great.

- **Building** a nationwide organization of American citizens who will keep alive the constitutional government of our country and the kind of people who made it.

- **Coordinating** this organization of local, independent Citizens Councils through the services of experienced and dedicated field directors.

- **Initiating** programs of public policy and private education which will stem the tide of racist revolution, restore our damaged institutions, and avert future catastrophe.

- **Providing** a voice for the majority community to guide its elected representatives in the formulation of public policy.

- **Defining** issues which identify candidates for public office, and by which legislative and other governmental acts may be measured.

- **Publicizing** constructive efforts of men in public life who offer a way for millions to stand up for America.

- **Publishing** a national magazine, THE CITIZEN, and scores of local bulletins throughout the nation.

- **Operating** the Citizens Council Forum — a service which distributes constructive films, tapes, and literature, and provides informed and informative speakers.

- **Helping** establish private schools and educational foundations to offset the inevitable deterioration of once excellent public schools now converted into federal laboratories for social experimentation.

- **Conducting** a continuous and intensive white voter registration campaign and assisting local councils in this vital program of public action.

- **Stimulating** public and private discussion of civic responsibility and of individual and group methods of meeting such responsibility.

- **Organizing** property owners into effective groups for the protection of neighborhood property values and personal safety.

- **Exposing** the destructive and criminal activities of proponents of "Black Power" and others who incite crime in the streets.

- **Supporting** the police and other law-enforcement agencies in controlling the wave of crime unleashed by the misnamed "Civil Rights" revolution.

- **Witnessing,** by its very growth and existence, the unalterable determination of citizens from the Atlantic to the Pacific to preserve States Rights and Racial Integrity.

Five-Point Action Program

1. **Oppose Race-Mixing.** Racial integrity is essential to civilization and liberty. The fate of the white man (and woman) in the Congo and other new African nations is a stern warning!

2. **Avoid Violence.** Experience has proved that where integration occurs, violence becomes inevitable. Peaceful operation of segregated schools in the South has proved that social separation of the races is best for all concerned.

3. **Maintain and Restore Legal Segregation.** As growing disorder in Northern cities shows, if segregation breaks down, the social structure breaks down. The Communists hope to achieve **disintegration through integration** in America!

4. **Defend States Rights.** The states are the source of all governmental power, local and Federal. Under the Tenth Amendment, the states have the reserved power to decide questions of segregation. Federal usurpation of any such power is a violation of the Constitution.

5. **Correct the Court and the Congress.** Both the Supreme Court's "Black Monday" decision and the Congressional "Civil Rights" Acts are obviously un-Constitutional, based on false "science" in mockery of the law. If they stand, government of the people will perish from the earth. Such a prospect is intolerable! The "Black Monday" decision must be reversed, the "Civil Rights" Acts repealed!
